Juicers (Blenders)	Incombustible	

# K

Item	Category	Remarks
Karaoke machines	Bulky	Attached monitors → Disposal Procedure 1

Item	Category	Remarks
Kendo protective equipment (bamboo swords / breastplate / shin guard / padded gloves)	Combustible	Items not put in designated garbage bags → Large-sized garbage

# K

Item	Category	Remarks
Kendo protective equipment (face guard)	Incombustible	Items not put in designated garbage bags → Large-sized garbage
Kerosine containers (plastic containers)	Combustible	Drain out the contents.
Kerosine pumps	Combustible	Batteries → Hazardous garbage
Kettles	Incombustible	
Key chains (composite materials)	Incombustible	
Keyboard harmonicas	Combustible	
Keyboards (for music)	Bulky	
Keyboards (for PCs)	Incombustible	Compact appliances
Keys	Incombustible	

Item	Category	Remarks
Kimonos	Recyclables	Dirty items → Combustible garbage
Kitchen knives	Incombustible	Hazard prevention
Knife sharpeners	Incombustible	
Knives	Incombustible	Hazard prevention
Kotatsu coverlets	Bulky	Items that will fit in a designated garbage bag → Combustible garbage
Kotatsu electric heaters	Incombustible	
Kotatsu Japanese foot warmers	Bulky	
Kotatsu mats	Bulky	Items that will fit in a designated garbage bag → Combustible garbage

# L

Item	Category	Remarks
Ladders	Bulky	
Ladles (wooden and plastic)	Combustible	Metal items → Incombustible garbage
Lamps and lampshades	Incombustible	
Laptop computers	Prohibited	Please ask about disposal at stores or from manufacturers.
Laundry poles	Bulky	Up to 3m long
Lawn mowers	Bulky	Electric battery discharge is forbidden. Disposal Procedure 1
Leaflets (inserted advertisements)	Recyclables	Tie the items with newspapers with string crosswise
Leather products (leather jackets, shoes, etc.)	Combustible	Attached metal fittings → Incombustible garbage
LED light bulbs	Incombustible	Broken items → Hazard prevention
Legless chairs	Bulky	Items that will fit in a designated garbage bag → Dispose depending on the materials.

Item	Category	Remarks
Lenses	Combustible	Glass items → Incombustible garbage
Lighters	Dangerous	Use up the fuel.
Lighting apparatus	Incombustible	Fluorescent lights → Hazardous garbage Pay attention not to break.
Liquid crystal TVs	Prohibited	Disposal Procedure 1
Lithium ion batteries	Hazardous	Make sure to dispose of them as harmful garbage after removing from devices. For batteries that cannot be removed, request disposal at a store or the manufacturer.
Loose-leaf notebooks	Recyclables	Dirty items → Combustible garbage
Low tables	Bulky	
Lunch jars	Incombustible	
Lures	Combustible	Fishing hooks → Hazard prevention Metal items → Incombustible garbage

# M

Item	Category	Remarks
Magazines	Recyclables	
Magnets	Incombustible	
Magnet sheets	Combustible	Magnets → Non-burnable garbage
Magnifying glasses	Combustible	Glass items → Incombustible garbage
Mah-jongg tiles and mats	Combustible	
Margarine containers	Recyclables /Plastic	Items with unremovable dirt → Combustible garbage
Marsh-reed screens	Bulky	¥300 each
Massage machines	Bulky	Items that will fit in a designated garbage bag → Incombustible garbage
Matches	Combustible	Limited to ones used. Dispose of them after soaking in water.
Mattresses	Bulky	Spring mattresses are Processing fee and demolition fee are required
Measuring balances	Incombustible	Electric and battery-operated items → Compact appliances
Mechanical pencils	Combustible	Metal items → Incombustible garbage

Item	Category	Remarks
Medicine bottles (excepting internal medicines)	Incombustible	Use up the contents.
Medicine bottles (internal medicines)	Recyclables	Rinse out the bottles.
Medicine boxes (wooden and plastic)	Combustible	
Medicine containers (for tablets and capsules) with the Pla-mark	Recyclables /Plastic	Items without the Pla-mark → Combustible garbage
Medicines (tablets and household medicines)	Combustible	
Memory cards (for PCs, cameras, etc.)	Incombustible	Compact appliances
Metal wire scrub brushes	Incombustible	
Microphones	Incombustible	Batteries → Hazardous garbage Compact appliances
Microwave ovens	Bulky	Items that will fit in a designated garbage bag → Incombustible garbage
Milk cans	Recyclables	Rinse out the cans.
Milk cartons	Recyclables	Rinse, flatten and dry cartons before disposing of them.
Milk containers for coffee	Recyclables /Plastic	Items with unremovable dirt. → Combustible garbage

# M

Item	Category	Remarks
Miniature bulbs	Incombustible	
Mirrors	Incombustible	Broken items → <b>Hazard prevention</b>
Misc. recyclable paper	Recyclables	Put in paper bag without luster and fold the bag opening, or stick in magazines, etc., tie it up along with magazines in a rope with a cross shape and dispose of it.

# N

Item	Category	Remarks
Nail clippers and nail files	Incombustible	
Nail-polish bottles	Incombustible	Rinse the bottles and clean off the dirt.
Nails	Incombustible	<b>Hazard prevention</b>
Needles	Incombustible	<b>Hazard prevention</b>
Net bags (for oranges, etc.)	Recyclables /Plastic	
Net sacks (for fruit)	Recyclables /Plastic	

Item	Category	Remarks
Nets (for fishing)	Prohibited	<b>Disposal Procedure 2</b>
Nets (not for fishing)	Combustible	<b>Folding</b>
Newspapers (including inserted advertisements)	Recyclables	
Notebooks	Recyclables	Attached metal fittings (excepting stapler needles) → Incombustible garbage
Nursing care beds	Bulky	
Nylon bags	Bulky	Dirty items without the Pla-mark → Combustible garbage

# O

Item	Category	Remarks
Oasis (water absorbent sponges for fresh flowers)	Combustible	
Oil (not for business use)	Combustible	Soak the oil into cloth or paper.
Oil (only edible oil)	Combustible	Solidify the oil with a coagulant or soak it into cloth or paper. <b>Collection of used cooking oil</b>
Oil cans	Incombustible	Use up the contents.
Oil heaters	Bulky	Items that fit in designated garbage bags → To non-burnable garbage Drain the oil, something that cannot be removed <b>Disposal Procedure 1</b>
Oil heaters	Bulky	Drain the fuel and remove the batteries. (all items regardless of the size, to Oversized garbage)
Oil lighters (Zippo, etc.)	Dangerous	Use up the fuel.

Item	Category	Remarks
Oil pumps	Combustible	Batteries → Hazardous garbage
Oil-filled electric radiators	Bulky	
Oiled paper	Combustible	
Old clothes	Recyclables	Dirty items → Combustible garbage
Organs	Bulky	
Oven ranges	Bulky	
Oven toasters	Incombustible	Items that won't fit in a designated garbage bag → Bulky waste

# P

Item	Category	Remarks
Pail (wooden/plastic)	Combustible	Metal things → To non-burnable garbage
Paint	Prohibited	<b>Disposal Procedure 1</b>
Paint cans (only for home use)	Incombustible	Use up the contents. Left-over paint → <b>Disposal Procedure 1</b>
Paint cans (only for home use)	Incombustible	Use up the contents. Left-over paint → <b>Disposal Procedure 1</b>
Paint spray cans	Dangerous	Use up the contents.
Paint tubes (plastic tubes)	Combustible	Use up the contents. Metal items → Incombustible garbage
Paints	Prohibited	
Pans and pots	Incombustible	
Paper cartons (silver and green inside)	Combustible	

Item	Category	Remarks
Paper cartons (white inside)	Recyclables	Rinse, flatten and dry cartons before disposing of them.
Paper diapers	Combustible	Flush stool into the toilet.
Parabolic antennas (for satellite broadcasts)	Bulky	Items put in designated garbage bags → Non-burnable garbage
Pedometers	Incombustible	Batteries → Hazardous garbage <b>Compact appliances</b>
Pencil sharpeners	Incombustible	
Pencils and color pencils	Combustible	
Penlights	Incombustible	Batteries → Hazardous garbage <b>Compact appliances</b>
Personal computer racks	Bulky	
Pesticides (smoke-type)	Incombustible	

# P

Item	Category	Remarks
Personal computers	Prohibited	Please ask about disposal at stores or from manufacturers.
PET bottle caps	Recyclables /Plastic	
PET bottles (for food and drink)	Recyclables	Items with unremovable dirt → Combustible garbage
Photo albums	Combustible	
Photographic films (negatives)	Combustible	
Photos	Combustible	
Pianos	Prohibited	<b>Disposal Procedure 1</b> Electronic pianos → Oversized garbage
Picture books	Recyclables	
Picture frames (metal)	Incombustible	Wooden parts → Combustible garbage
Picture frames (wooden and plastic)	Combustible	Glass and metal parts → Incombustible garbage
Pillows	Combustible	
Plasters	Combustible	
Plastic buckets	Combustible	Items that won't fit in a designated garbage bag → Bulky waste
Plastic cases	Combustible	
Plastic containers (kerosene and water)	Combustible	Items that won't fit in a designated garbage bag → Bulky waste
Plastic containers (kitchenware)	Combustible	
Plastic models	Combustible	
Plastic shopping bags	Recyclables /Plastic	Dirty items without the Pla-mark → Combustible garbage Recommend reusable shopping bags.
Plastic wrap (for food)	Combustible	
Plastic wrap (for food) cores	Recyclables	No need to flatten

Item	Category	Remarks
Plates and dishes	Incombustible	Broken items → <b>Hazard prevention</b> Dispose depending on the materials, to Combustible garbage
Plywood	Bulky	Limited to items within 2m square (180x90cm a board) Items that will fit in a designated garbage bag → Combustible garbage
Polaroid cameras (Instant cameras)	Incombustible	Batteries → Harmful garbage <b>Compact appliances</b>
Portable ashtrays (plastic and vinyl)	Combustible	Metal items → Incombustible garbage
Portable toilets	Combustible	
Portable toilets	Bulky	Flush stool into the toilet. Items that will fit in a designated garbage bag → Combustible garbage
Pots	Incombustible	
Poultices	Combustible	
Powdered milk cans	Recyclables	Rinse out the cans.
Power drills and electric saws (for home use)	Incombustible	batteries → To harmful garbage <b>Compact appliances</b>
PP bands (only for home use)	Combustible	1m
PP ropes (only for home use)	Combustible	1m
Printers	Incombustible	Supplied ink cartridges → Combustible garbage (Please use the collection points at stores.)
Protective shoes (protective boots)	Combustible	Burnable even if the tips are metal.
Pruned branches (5cm or less in diameter)	Combustible	Up to 3 bags at disposal <b>50cm</b> In case of direct disposal → <b>2m</b>
Pruning shears	Incombustible	<b>Hazard prevention</b>
Pruning trimmers	Bulky	Items put in designated garbage bags → Non-burnable garbage Electric battery discharge is forbidden. → Harmful garbage
Pumices	Incombustible	
Push pins and drawing pins	Incombustible	<b>Hazard prevention</b>
Push scooters	Bulky	Items put in designated garbage bags → Non-burnable garbage Electric battery discharge is forbidden. <b>Disposal Procedure 1</b>

# R

Item	Category	Remarks
Rackets (including carbon items)	Combustible	Metal items → Incombustible garbage
Radios and radio cassette recorders	Incombustible	Batteries → Hazardous garbage <b>Compact appliances</b>
Raincoats (rainwear)	Combustible	
Rainwear (vinyl)	Combustible	
Range hoods	Bulky	
Range tables	Bulky	
Ranges (microwave, oven and gas)	Bulky	Items that will fit in a designated garbage bag → Incombustible garbage
Raw-fish boxes (foamed polystyrene)	Combustible	<b>50cm</b> Items with the Pla-mark → Recyclables / Plastic garbage
Razor blades	Incombustible	<b>Hazard prevention</b>
Razors and shavers	Incombustible	<b>Hazard prevention</b>
Rechargeable batteries (large-sized)	Prohibited	<b>Disposal Procedure 1</b>
Rechargeable batteries (small-sized)	Hazardous	Please use the collection points at stores.
Recorders	Combustible	

Item	Category	Remarks
Records	Combustible	
Reed screens	Bulky	Items that will fit in a designated garbage bag → Combustible garbage <b>50cm</b>
Reels (for fishing)	Incombustible	Supplied fishing lines → Combustible garbage
Refrigerants	Combustible	
Refrigerators and freezers	Prohibited	<b>Disposal Procedure 1</b>
Remote controllers	Incombustible	Batteries → Hazardous garbage <b>Compact appliances</b>
Retort pack containers	Recyclables /Plastic	Items with unremovable stains → Combustible garbage
Rice bags (nylon and aluminum coated)	Recyclables /Plastic	
Rice bags (paper and fabric)	Combustible	
Rice bins (excepting wooden items) (with measuring devices)	Bulky	Items that will fit in a designated garbage bag → Incombustible garbage
Rice bins (wooden)	Bulky	Items that will fit in a designated garbage bag → Combustible garbage
Rice bowls and tea bowls	Incombustible	Wooden and plastic items → Combustible garbage
Rice cake making machines	Bulky	Items that will fit in a designated garbage bag → Incombustible garbage

# R

Item	Category	Remarks
Rice cookers	Incombustible	
Rice scoops	Combustible	
Ridge sheets (for agriculture)	Prohibited	Disposal Procedure 2
Roller skates	Combustible	Metal parts → Non-burnable garbage In case of disassembled items, to Incombustible garbage
Roof boxes	Bulky	
Roof tiles (personally scrapped items)	—	Certification for Scrapping You can bring up to 4 bottles. Confirmation of dismantling for 5 or more trees (within 2m)
Ropes (vinyl and nylon)	Combustible	1m
Ropes (wire ropes)	Prohibited	Disposal Procedure 1

Item	Category	Remarks
Ropes and strings (vinyl, nylon and rubber)	Combustible	1m
Rubber bands	Combustible	
Rubber gloves	Combustible	
Rubber hoses	Combustible	1m
Rubber mats	Combustible	Folding
Rucksacks	Combustible	
Rulers (wooden, bamboo and plastic)	Combustible	Metal items → Incombustible garbage
Rush mats	Bulky	Items that will fit in a designated garbage bag → Combustible garbage Folding

# S

Item	Category	Remarks
Safes (fireproof)	Prohibited	Disposal Procedure 1
Safes (portable)	Incombustible	
Safety pins	Incombustible	
Sake bottles (excepting returnable bottles)	Recyclables	Broken items → Incombustible garbage Hazard prevention
Sake bottles (returnable bottles) (reusable 1.8 liter bottles, etc.)	—	Return the bottles to liquor shops. In case of return problems → Recyclable garbage
Sake cartons (aluminum coated inside)	Combustible	
Sake cups	Combustible	Metal and glass items → Incombustible garbage
Sand	Prohibited	This is not waste. Please dispose of it yourself. Disposal Procedure 1
Sandals	Combustible	
Sanitary goods	Combustible	
Sauce containers (bottle)	Recyclables	Items with unremovable dirt → Incombustible garbage
Sauce containers (bottles)	Recyclables	Items with unremovable dirt → Incombustible garbage
Sauce containers (for box lunches) (plastic and PET bottles)	Combustible	Empty out the contents.
Sauce containers (with the Pla-mark)	Recyclables /Plastic	Items with unremovable dirt → Combustible garbage

宴会の時は「3010運動」を実施しましょう！

What's 3010?  
宴会における大量の食品ロスを減らすため

最初の 30 分  
最後の 10 分

Let's set aside time to eat together. That is the 3010 movement.

### [5 Banquet Rules]

- ① Order appropriate amount
- ② The secretary says, "Let's eat it all deliciously!"
- ③ Eat well for the first 30 minutes and the last 10 minutes without leaving your seat. "Tabekuri time!"
- ④ Share the food you can't finish with your friends
- ⑤ If you cannot finish all the dishes, please check with the restaurant before taking them home.
